# RAISE YOUR FINANCIAL IQ.

**Financial stress is one of the top problems that affect employee productivity today,** but educating your people on how to better manage their money or increasing their knowledge about personal finance can improve their quality of work. Author and financial literacy advocate, Jackie Cummings Koski, can help you achieve this with your employees. She conducts engaging training, workshops, consulting and speaking on the topic of money and personal finance education. She is the author of the book “Money Letters 2 my Daughter” which is a 2013 winner of the Excellence in Financial Literacy Education (EIFLE) Award. Contact her at [Jackie@moneyletters2.com](mailto:Jackie@moneyletters2.com) to start the conversation on how she can help raise the Financial IQ of your organization’s most valuable asset- your people.
